## Christmas Tree Recycling

### Recycle your Christmas Tree until January 18th

Evans' residents who wish to recycle their Christmas tree may do so by dropping it off at the Evans Community Complex located at 1100 37th street. Trees may be dropped off anytime through January 18, 2019.

Please drop your tree off inside the roped off section in the southwest corner of the parking lot.

Trees dropped off must be free from any type of decoration, wires, ropes, plastic bags, nails, screws, or any other foreign material.

These trees are chipped by Parks staff and the mulch is made available to Evans residents free of charge.

For information on obtaining the mulch please contact Scott Sandridge at 970-475-1181.

## Picture Evans! 2018

### Talent Shines in Evans Photo Contest

Evans seeks feedback from residents on the future of the competition

Colorado is a photogenic state and Evans' residents captured its beauty in the annual Picture Evans Photo Contest. Nearly 40 submissions produced nine winners in adult and youth categories.

"Evans has a tremendous pool of photography talent," Lance Snow, Evans Communications Manager said. "It's hard to decide which picture wins in each category, because often-times there's too many good choices and the decision can go either way."

In 2018, a panel of three judges evaluated the pictures that were submitted throughout the year. Good photography is subjective in nature, but the judges worked with objective parameters to decide which photos took home first place in each category.

Dylan McConnell, who served as one of the judges, says that evaluating photography is a rewarding and difficult process. "It got heated at times," McConnell said in a joking fashion. "We went back-n-forth several times. Some categories we had to move past and come back to, just to make a final decision. It's a good thing there were an odd number of judges, or else we could have had a stalemate."

Despite the subjectivity of the process, there were objective parameters to evaluate with. Photographs were judged on originality, composition, overall impact and accurate representation of the category.

"Ultimately, it's a combination of skill and emotional movement," Snow said. "Does the picture have the skill to move me? Does it make me laugh, smile, hate, or cry? Does it invoke emotion while meeting the technical parameters? If it can hit that combination, it has a good shot at winning."

The future of the Picture Evans Photo Contest may depend on the residents of Evans.

"The most important thing is to grow the contest. The past couple of years, we've received submissions from the same people. We like those people and they're great photographers, but we need more participants to justify doing it again in 2019," Snow said. "We will evaluate 2018's contest and decide whether-or-not to move forward with it next year. *Residents are encouraged to offer feedback on the Picture Evans! photo contest.*

## **Evans Residents to receive one bill for all trash and recycling services: Waste Management will no longer bill residents separately for the optional services**

Dear Evans Residents:

Beginning January 1st, 2019, **many** Evans' residents will notice their **optional services for additional poly carts and recycling** bill combined into their regular utility bill from the City. If you paid your last quarterly Waste Management bill for services through December, you will see these charges now on your January City utility bill. If you paid your last quarterly Waste Management bill for services through January, you will see these charges now on your February City utility bill. After January, **all** residents should receive one bill from the City for trash, recycling and utilities. The goal is to reduce the number of bills that residents need to pay. Please note: those services will still be **optional**. They can be added or cancelled at any time.

To provide Evans' residents with convenient, accurate, and courteous customer service, the City is making an additional improvement to the refuse service. **Starting in January**, residents will call the City of Evans at 970-475-1170 with any refuse-related requests. Currently, Waste Management handles all customer service issues, but the City believes it can provide improved customer service to its residents by handling the calls directly.

Waste Management plans to pass along contractually allowed increases to the City of Evans for trash and recycling service in 2019. Residents will notice the largest increase is for optional recycling service. According to Waste Management, dramatic changes in the recycling industry related to recycling stream contamination have caused a sharp decline in the value of recyclables. That has forced them to slow down their sort lines and meet new purity standards established by China in January of 2018. The changes have resulted in increased processing costs. Additionally, Waste Management has increased staff to handle the recycling sort lines that separate trash from recyclables.

The new rates for refuse services are outlined below:

### Residential Trash – 1st Poly Cart

\$12.25 per residential unit per month

### **Optional** Residential Trash – 2nd Poly Cart

\$6.11 per residential unit per month

### **Optional** Residential Recycling

\$9.54 per residential unit per month

We are constantly seeking ways to improve the communications and customer service with our valued residents. We hope the decision to consolidate optional additional poly carts and recycling into one statement, combined with the acceptance of customer-service related matters will develop improved consistency and clarity for future service.

## **Los residentes de Evans recibirán una factura por todos los servicios de basura y reciclaje: Waste Management ya no facturará a los residentes por separado los servicios opcionales**

Estimados residentes de Evans:

A partir del 1 de enero de 2019, **muchos** residentes de Evans notarán que sus **servicios opcionales de botes de basura y de reciclaje estarán combinados** en su factura de servicios públicos de la Ciudad. Si pagó su última factura trimestral de Waste Management por servicios hasta diciembre, verá estos cargos ahora en su factura de servicios públicos de la ciudad de enero. Si pagó su última factura trimestral de Waste Management por servicios hasta enero, verá estos cargos ahora en su factura de servicios públicos de la Ciudad de febrero. Después de enero, **todos** los residentes deben recibir una factura de la Ciudad por la basura, el reciclaje y los servicios públicos. El objetivo es reducir la cantidad de facturas que los residentes deben pagar. Tenga en cuenta: esos servicios seguirán siendo **opcionales**. Se pueden agregar o cancelar en cualquier momento.

Para brindar a los residentes de Evans un servicio al cliente conveniente, preciso y cortés, la Ciudad está realizando una mejora adicional al servicio de basura. **A partir de enero**, los residentes llamarán a la Ciudad de Evans al 970-475-1170 con cualquier pregunta relacionada con la basura. Actualmente, Waste Management maneja todos los problemas de servicio al cliente, pero la Ciudad cree que puede brindar un mejor servicio al cliente para sus residentes manejando las llamadas directamente.

Waste Management planea transmitir a la Ciudad de Evans los aumentos permitidos por contrato para el servicio de basura y reciclaje en 2019. Los residentes notarán que el mayor aumento es por el servicio de reciclaje opcional. De acuerdo a Waste Management, los cambios dramáticos en la industria del reciclaje relacionados con la contaminación de las corrientes de reciclaje, han provocado una fuerte disminución en el valor de los materiales reciclables. Eso les ha obligado a reducir la velocidad de sus líneas de clasificación y cumplir con los nuevos estándares de pureza establecidos por China en enero de 2018. Los cambios han resultado en un aumento de los costos de procesamiento. Además, Waste Management ha aumentado el personal para manejar las líneas de clasificación de reciclaje que separarán la basura de los materiales reciclables.

Los precios nuevos para el servicio de basura se detallan a continuación:

Basura Residencial – 1er Poly Cart (Bote)

\$ 12.25 por unidad residencial por mes.

Basura Residencial **Opcional** - 2do Poly Cart (Bote)

\$ 6.11 por unidad residencial por mes.

Reciclaje Residencial **Opcional**

\$ 9.54 por unidad residencial por mes.

Buscamos constantemente formas de mejorar la comunicación y el servicio al cliente con nuestros apreciados residentes. Esperamos que la decisión de consolidar los botes de basura y el servicio de reciclaje en una sola factura, combinada con la aceptación de los cambios relacionados con el servicio al cliente, desarrolle una mayor coherencia y claridad para el servicio futuro.

Since 2002, **SuperTots** engages kids, ages 2 to 5, in physical activity in a non-competitive environment that is safe and fun above all else. **SuperTots** knows kids are hardwired to learn through play and need to devote time and energy to recreation activities. For that reason, we've designed an engaging, skill-building curriculum in which "tots" learn through a series of fun and beneficial games. They will acquire athletic skills and fitness but also develop an interest and **love of sports**.
